[G] One day the train was passin', I **[C]** caught it from a**[G]** mile To look this old world over, under God's blue **[D]** sky.

My **[G]** darlin' stood there weepin' as **[C]** I was lookin'**[G]** back I kissed my baby cryin' in the **[D]** smoke along the **[G]** track. **(WOOH WOOH!)**

Chorus

Goodbye, **[G]** so long, **[C]** until I come back home you'll **[C]** be my **[G]** dream.

Goodbye, so long, there's lots of places that I've never **[D]** seen. I'll **[G]** always be a drifter but **[C]** I'll be driftin' **[G]** back.

[G] I like to keep on goin', it **[C]** helps me when I'm **[G]** blue, I get the urge to travel, that's all I want to **[D]** do.

I **[G]** know I just can't settle down **[C]** because I like to **[G]** roam, And when I hear that whistle blow I **[D]** gotta move **[G]** along. **(WOOH WOOH!)**

Chorus

I know my **[G]** baby loves me, I **[C]** love my baby **[G]** too, But she don't understand me when I'm feelin' **[D]** blue.

And **[G]** when I hear that whistle blow I **[C]** hurry home an' **[G]** pack, And leave my baby cryin' in the **[D]** smoke along the **[G]** track. **(WOOH WOOH!)**

Goodbye, **[G]** so long, I **[C]** hate to leave you but I gotta **[G]** go. Goodbye, so long, it's comin' now, just heard that whistle **[D]** blow. It'll **[G]** be here in a minute, you'll wave **[C]** and I'll look **[G]** back.

I'm gonna leave you cryin' in the **[D]** smoke along the **[G]** track.

[G] I'm gonna leave you cryin' in the **[D]** smoke (STOP)
Along the track.
