

Mississippi

Intro [C]//// [C]////

Where you [C] can hear a country song from far
 and someone plays a Honkey Tonk [G] guitar
 Where all the lights will go out one by [C] one
 The people join the [D] sun and the [D7] wind takes it [G] away
 Where the [C] Mississippi rolls down to the sea
 and lovers found a place theyd like to [G] be
 How many times before the song was [C] ending
 Love and [G] understanding everywhere [C] around

Chorus

[C] Mi....ssis[G]sippi I remember [C] you
 Whenever I should go away [G] I'll be longing for the day
 When [D] I will be in Greenville [G]// Again [F]// [C]//[D]//
 [C] Mi....ssis[G]sippi you'll be on my [C] mind,
 [F] Every time I hear this [C] song Mississippi rolls [G] along
 until the end of [C] time

Now the [C] country song forever lost it's soul
 when the guitar player turned to rock and [G] roll [F]// [C]_[DUDU] [G]//
 and every time when summer nights are [C] falling
 I always will be [D] calling dreams of [G] yesterday

Chorus

[F] Every time I hear this [C] song Mississippi rolls [G] along
 until the end of [C] time

Finish [F]//// [C]//// [D]//// [C]/stop
